RECREATION COMMITTEE

The Recreation Committee is announcing we have many activities planned for 2019, three of which are listed below:

June 15th (Saturday) Mark Stone Mentalist

Mark Stone's "MENTALMANIA" is a funny mind-reading and E.S.P. show. He will astound audience members with his ability to read minds, make predictions and "see" with his fingertips while blindfolded!

July 20th (Saturday) "Come Back Buddy Band" will be at the Villages for the 3rd year at our residents' requests and this year the band has added a saxophone player! Come and just listen, sing along or get out there and dance!

August 17th (Saturday) "Planet 9" Band. This is a three-member band and their drummer resides in the Villages. A fun time for all.

Our meetings are the 2nd Wednesday of each month at 10:00 in the Card Room. Please feel free to attend and participate in planning activities for the Villages.

NOTES FROM YOUR MANAGER

(1)As discussed at recent Workshop and HOA meetings, we are putting emphasis and focus each month on an individual CC&R or other rule found in the controlling documents. In March we will be putting emphasis on the CC&R dealing with parking on a lot. That is CC&R 3.5.6 dealing with parking of vehicles on lots. This does not mean we will ignore other situations, but emphasis will be on CC&R 3.5.6 which reads, in part, as follows:

"A maximum of two (2) "Passenger Vehicles," visible at any time, defined as an automobile, utility vehicle, pickup truck, or a small conversion van may be maintained on a lot as long as they are housed in a garage, carport with concrete or asphalt base, or parked on a concrete or asphalt driveway, and must be currently licensed, etc."

You can read the entire CC&R 3.5.6 in your copy of the CC&Rs.

As the Villages properties are inspected starting March 1st, the emphasis and focus will be put on this rule. Properties not complying with this requirement by the March HOA meeting are subject to receiving a written warning, followed by a formal VIOLATION and possible FINE for non-compliance.

(2) The office is currently updating all resident and tenant records, so you will be receiving a phone call from the Villages' office if paperwork is needed to update your file.

A-C* NEWS FOR YOU: "What Are Setbacks Or Easements?"

DID YOU KNOW that *all* of our lots in the Villages have "setbacks" and "easements"? Did you know that *there really is a difference* between them? Here's how it works:

- 1) "**Setbacks**" are specific areas of your property that are designated by the Town of Prescott Valley. Nothing is to be built or otherwise occupy that space other than small plants, which are ok there; but, emergency personnel need a means to get around the outside of your house when it might become necessary to do so. So, there is a **3-foot setback along each side lot-line**. Also, there is a **5-foot setback** in the *front* of Park Model and RV lots; and a **10-foot setback** in the *front* of Manufactured home lots (check your CC&Rs, Section 3, and "Architectural Committee Rules").
- 2) "**Easements**", on the other hand, are locations on your property **where utilities cross your lot** – usually underground (these are called a PUE or Public Utility Easement.) Here in the Villages, **most PUEs go clear across the back of our lots.**

In **Park Model and RV lots**, there is usually a **7.5 foot PUE**. **TO LOCATE** your Park Model & RV lot's P.U.E., measure **7.5 feet from the back lot-line** towards the rear of the house or RV: *That* is the Public Utility Easement.

In **Manufactured home (double-wide) lots**, there are **10-20-foot PUEs across the back of the lots**. **TO LOCATE** your double-wide PUE, measure **10-20 feet from the back of the lot-line towards the back of the house**. *That* is the Public Utility Easement. The A-C* can tell you if it's 10 or 20 feet.

Because the water and sewer lines and some other utility lines are in the "PUE", ***it is strongly recommended that you DO NOT put any permanent structure in the easements, NOR plant trees or tall bushes there.*** This is because any repairs that are needed for those utilities will require digging up the broken lines. Our maintenance folks may have to dig between 4 feet and 10 feet deep. *Any structures or plants that are in the way will be removed at the property owner's expense.*

The *Architectural Committee (A-C) will be glad to assist you in determining where your "easement" (PUE and "setbacks" are located and also what is a permanent structure and what is temporary.

Your Architectural Committee

HOW TO USE VINEGAR AND SALT AS A WEED KILLER (information from Internet)

Vinegar has proven itself an effective weed killer. Like most commercial herbicides, it's nonselective, not caring whether it kills weeds or your petunias. Unlike commercial weed killers, vinegar is eco-friendly and won't harm people, pets or the environment. Vinegar's only real drawback in certain cases is that it has no residual action, so new weeds soon arrive. Permanent removal is occasionally desirable for stubborn weeds in gravel drives and paths as well as cracks and crevices in walkways and sidewalks. Add common table salt to vinegar to destroy weeds for good in these trouble spots. Just make sure to never pour the salt mixture on soil, as the solution will make sure that nothing grows in that spot again.

Pour 1 gallon of white vinegar into a bucket. Everyday 5-percent household white vinegar is fine for this weed killer. You won't need higher, more expensive concentrations such as 10 or 20 percent. It may take two or three days longer to kill the weeds with the lower concentration, but they will die.

Add 1 cup of table salt. Stir the solution with a long-handled spoon until all the salt dissolves completely.

Stir in 1 tablespoon of liquid dishwashing soap. This will act as a surfactant and make the vinegar and salt solution adhere to the weeds more efficiently. Blend thoroughly.

Funnel the weed killer into a plastic spray bottle.

Drench the weeds with the solution on a dry, sunny day. Coat all surfaces well with the spray. Any plants soaked with this solution will die within several days. They won't be back and nothing else will ever grow there.

Funnel any leftover weed killer into an empty plastic container. Cap it tightly. Label it clearly and store in a cool, dark spot indefinitely.

Caution: Vinegar can burn the skin of sensitive individuals at 10- and 20-percent concentrations.

2019 SPEAKER SERIES

The Villages at Lynx Creek will sponsor a "Speaker Series" again this year and it will kick off on Monday, May 20th, 2019 in the Activity Room at 1PM. We have both **new** guest speakers and **returning** guest speakers confirmed for our May thru October season! Thank you for supporting these events!

To share your own ideas of presentations that will interest our community, please contact Eileen Barnhart, by phone @ 928-499-8670 or by email (bustersmom@cablone.net).

To kick off our season in May will be speaker, Lindy Furrow from Sunrise Funeral Home here in Prescott Valley. Raised in Sarasota, Florida, Lindy Furrow is a recent transplant to Prescott, Arizona. Serving over decades in the final expense market, she is dedicating her focus with Sunrise Funeral Home as their pre-need funeral planning specialist and funeral arranger.

Watch for further details in next month's crier about Lindy and her presentation as well as what is on the docket for June, as well!

Walking Exercise

Come join us for video walking exercises with Leslie Sasone.

You can walk up to three miles, if you choose.

We do different steps and arm movements as we walk in place.

Wear comfortable clothing and bring water so you can stay hydrated.

We exercise every **Monday, Wednesday, and Friday** in the Social Hall at 9:00 am.

SAVE YOUR COUPONS TO SUPPORT OUR TROOPS

Here's a no-cost way to help the families of our military serving overseas: just save the coupons from your Sunday and Wednesday newspapers, and deposit them in the designated collection box located in the Activity Room. These coupons will be sent to a depot in Florida where they will be distributed to overseas military bases.

Even recently-expired coupons can be used at the commissaries where military families buy their groceries and non-food items. This helps them to offset the higher cost of living in a foreign country.

If you have any questions, please contact MaryAnn Schulte at 480-278-9339.

Thank you very much.

This encourages all residents to 'greet and meet' when attending activities or events in the Villages.

A BIG THANK YOU !

To all my dear friends who came by to see me and brought food - too many to mention.

I love all of you. Thank you again. Sami
