RECREATION COMMITTEE NOTES

Thanks to all of the residents who submitted nominations for recreation committee officers. our regular monthly meeting will tentatively take place on October 14th at 10:00 A.M. in the Card Room (Or outside next to the pool if necessary) and Voting will take place at that time for the positions. All residents are welcome and encouraged to attend.

We have started the weekly coffee and donuts back up, but with a limited number of attendees. You must sign up in the Activity Room by Monday each week to reserve a spot to attend.

Food handlers class will be rescheduled. Please call Stephanie Mahoney if you would like more information on how to attend a class in Prescott Valley or Prescott.

The Kitchen remodel has been approved and final measurements have been taken. Fabrication will begin soon!

We are always in need of volunteers with various talents and abilities. We would appreciate any and all talents to help us once Activities resume when restrictions of COVID 19 have been lifted.

Thank You!

Food Handlers Card

I have been in contact with the County Health Department about scheduling a food handlers' class for the Villages. At present, the Villages has a restriction of ten people in the Social Hall. We need to wait until the Covid-19 numbers decrease before we can open the Social Hall for larger events. We do not plan on any large events soon. Several people are wanting to renew their cards, so they are ready when we can return to normal.

My card expired in May. I recently went to the County Environmental Health Office located at 1090 Commerce Drive in Prescott to renew my Food Handlers Card. You will need to provide a Government issued ID such as a Drivers License and have completed the questions in the food handlers book. Tell them you are a **VOLUNTEER** at the Villages at Lynx Creek. Volunteer cards are free, a two-year card for employee's costs \$15; there is no need to pay the \$15. You may be asked to take a test; I was told volunteers do not need to take the test the day I renewed my card.

Whiteboard Artist Needed

Do you like to write and draw? We are looking for someone to help with the whiteboards. Charlie Martin will no longer be doing them and while her special talent will be missed, we are confident another will appear. So Charlie says fess up and contact Cindy T. or Diane Ponter if you are interested in being our new Whiteboard Artist

The Recreation Committee held the annual Flu Shot Clinic on Monday, the 14th and it was a huge success. We

would like to thank Safeway for working with us and for their fun but efficient and professional employees who administered the shots. Also a big thank you to the volunteers who welcomed the residents and also maintained the sanitizing requirements for the virus. Thank you Recreation Committee for holding this important event

Recycle Your Aluminum Cans

Proceeds from recycling your aluminum cans will go to the Recreation Committee, therefore, benefitting the entire Villages community.

Please deposit aluminum cans in the Social Hall or by the trash compactor. Containers are marked R.C. for Recreation Committee

ARCHITECTURAL COMMITTEE NEWS

"Trees Make Beautiful Shade"

By Rick for the Architectural Committee

Well folks, hot summers make us think about shade, and trees are a great source of shade, and fresh oxygen. Even though it's October, it's still not too late to plant most trees; in fact, gardeners say it's a great time.

However, a word of caution: Consider how big the "adult" tree will be, regarding potential damage to your or your neighbors' buildings (i.e., the beautiful Raywood Ash can get 60'-80' tall AND wide. Our lots average approximately 40' – 50' wide). Be thoughtful of your neighbors, as the tree should not encroach over their property.

Also, if you want to plant a tree or a bush in the front yard, please think ahead to when the tree will be full grown. It should be planted so that it will not block a neighbor's view for backing out of their driveway.

You should also know that there are 5 trees that are forbidden in the Villages. They are the: Cottonwood, Raywood Ash, Willow, Maple, and Arizona Cypress. These trees are incredibly messy, and will also seek water pipes and sewer lines for nutrition causing extensive damage.

However, while the Arizona Cypress is not permitted, the Italian or Mediterranean or Leyland Cypress are permitted).

Also, please consider our climate, including winds; and, consult the Architectural Committee Rules & Regulations, page 8, under "Landscaping"; "Trees".

Your Friends and Neighbors,

Your Architectural Committee

"Committed to Our Home-Owners' Service"

ATTENTION PLEASE

We have an opening on the Architectural Committee. If you would like to join us, please pick up an application in the office.

The Sunshine Club

The Sunshine group is here to help. We hope you will keep us informed of anyone who is ill, hurt, had a death or just needs help.

We have taken cards, flowers and even food to those who need us. Speaking of flowers, we make our arrangements from local flowers donated by residents who give us access to their trees, bushes and flower beds.

If you have some flowers, branches or stems that we can use, when needed, contact Chris Obrien at cko1955@att.net. Janine James, Laurie Koopman and I appreciate any help.

We hope you know we will help our neighbors in a safe way. We wear our masks and keep social distancing.

Coffee and Donuts Outside by the Pool in October

Wednesday mornings,
7:30 to 9:00 AM
Cost \$1.00

Sign up by Monday evening in the Activity Room each week.

Wear a mask to where you will be seated and remember to SOCIAL DISTANCE six feet apart.

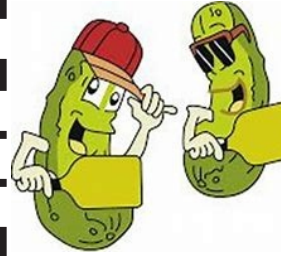

Limit 30 people

If it is raining, we will cancel that week.

We are looking for people to help set up and take down the tables at the pool. Call Stephanie Mahoney if you can help!

GAME WITH A FUNNY NAME PICKLEBALL

Have you heard of it?
Were you wondering what it is?

If you would like to know more contact me, Laurie Koopman, we can meet you at the court, explain the game, give you beginning lessons, without any pressure. We can lend you a paddle, and you don't need a partner to play.

Get off the sofa, come out for some exercise and check out the largest growing sport with that funny name.

If we get enough interest we can set up game times for beginning players.

Waiting to hear from you,
Laurie, 480-227-0018,

Wood Shop News

Ready for a rerun. This month we are going to look at some projects similar to ones we have shown in prior months.

Our first one is a bird house made from Cedar wood. The builder did some research and found out that birds seem to like houses without a perch outside better than ones with a perch. With no perch it is more like a hole in a tree trunk and more desirable to the birds.

This is a great project for beginners. No matter your experience level, with the help of the monitors who are in the shop weekdays from 9 am to noon you too can turn out some fun projects.

This month's other project is another picture of bowls made in the shop. These pieces combine some puzzle work with wood turning on the lathes in the shop. Small pieces of wood have been glued together to make the body of the bowl while larger pieces were used for the base and the lid. You can learn all you need to know to do this in the shop from the monitors. Hope you can come in soon but remember your mask.

Hello Villages residents, I will be resuming the Block Watch Crier articles and will start with a simple explanation of the program and a request for your help.

What Does a Block Watch Involve?

The purpose of the Neighborhood Watch program is to create an alert neighborhood by using simple crime prevention methods which involves: Neighbors getting to know each other and working together in a program of mutual assistance

- Learning to recognize and report suspicious activities

- Implementing crime prevention techniques, keeping you and your home from being targets of opportunity

- Remembering law enforcement can't be everywhere at once, so we can be their eyes and ears.

Block Watch Group Meetings (When we can conduct them safely)

Block Watch meetings will include discussion with the Block Watch Coordinator, Prescott Valley Police Department and Yavapai Emergency Management Liaison or other responder representatives

Block Watch Captain's Responsibilities

The following is provided to assist you in better understanding the role as a Block Watch Captain.

- Conduct yourself as a leader with truthfulness and respect for others

- Act as liaison between the Block Watch coordinator and police liaison

- Talk to your neighbors in your area to see if they are interested in joining your group

- Contact neighbors to discuss possible crime problems, their needs for assistance and suggestions for program improvement

- Maintain a list of the names, physical and email addresses and phone numbers of your Block Watch group members and pass it on the Block Watch coordinator.

- Have Block watch members fill out a Special Needs form and pass these on to the Block Watch coordinator.

These data sheets are important to the Block Watch program. Not only do they serve as contact information for the Block watch but also for all emergency responder personnel as well. This information will help emergency organizations plan for when we may need emergency assistance. All information and data sheets are kept confidential and not used for any other purposes.

I appreciate those that have volunteered to be Block Watch captains, but we are in need of many more Please contact me if you are interested or just want additional information or if there is any safety or emergency preparedness information you would like covered in future Crier articles.

Scavenger Hunt

Well the 2nd Scavenger Hunt was a success on August 23rd, so we thought we would do it again.

The **17th of October** will be the 3rd Scavenger Hunt. This one will be special. We are adding a stop at one of our residents who will be turning 100. As you hunt for the items on the list one stop will be at the Birthday person's home. We hope as you go by you will drop a card to wish them a Happy Birthday. Cards will be in your packet so just sign your name and drop the card in the box on their driveway. They will also have a birthday cake to share if you would like....first come first serve. We will meet across from the mailboxes at 1:45 pm and the hunt will start at 2:00 pm. You will have 1 hour and return with your guesses. Come back By 3 pm to get the answers to the hunt and of course prizes will be drawn. We look forward to you coming in your mode of transportation and enjoying some much needed fun around the villages. See you there!!!!

Happy Birthday Paulette Price By Peggy Malsom

Paulette Price is celebrating her 100th birthday on October 19th. She was born in Urbana, Indiana, but her story didn't start there. Her parents met in Paris, France, during World War I. Her French mother, a teacher who spoke fluent English, was working at the USO where her parents met. Paulette met her future husband, Jim, years later while she was working as a Red Cross Girl at Warrington Air Force Base in England during World War II. He proposed to her on the dock in New York City when she returned to the states. Jim and Paulette had a nice lifestyle living mostly in California. He was an electrical engineer and they had three sons 4 $\frac{1}{2}$ years apart. They enjoyed skiing and even built their own ski cabin in Mammoth Lakes. Then one night when Jim was coming home from a meeting, he was in a car accident on the freeway and was killed. It changed Paulette's life. She stayed in California and raised the boys. Jim had left them with good insurance. Finally Paulette and Andy, the youngest moved to the cabin in Mammoth Lakes where they lived until she was convinced by her two older sons to move to Arizona.

Paulette moved to The Villages in 1998. She had a friend from California who had moved here previously. She has seen a lot of changes since moving here. The Villages was a small community then. Mobile homes were on display for sale on the Fain property at the entrance to The Villages. Paulette picked out her house then selected her lot and told them not to put it in backwards! She chose a lot on Stonehenge. The lots on the north side of the street were all empty. When it rained they turned into a pond. Someone put up a sign saying "No Fishing!"

She said sewage was a terrible problem at first, but the problem was solved when they hooked up to Prescott Valley sewage. Everyone was assessed \$500.00 to get hooked up and from then on they had a reliable sewage system. She also remembers the time that half of a house was brought in, but it was set on the wrong side of the lot. When the second half was brought in the mistake was discovered. They had to take the second half back, unload it, come back and pick up the first half, place it on the correct side of the lot, go get the second half and finally unload it where it belonged. Another time they set up a house in the middle of two lots with $\frac{1}{2}$ of each lot on either side. The homeowner who was all set up including furniture refused to move as it wasn't his fault. She believes it is still that way to this day.

Paulette remembers when Lucy was the General Manager. She was the only staff member and she was paid by Fain. Volunteers worked in the office one day per week answering the phone, answering questions and taking people around who were interested in buying a place. Volunteers also took charge of one Activity. Saturday night was Dance Night. There would be a band and refreshments brought by the residents. People from outside of the community were allowed to attend to help pay for the band. It was discontinued due to the liability of having people drink then drive home.

HOA dues were \$65.00 when Paulette moved here. There have been two assessments she remembers: the sewage hook up and another one for roofs due to a hailstorm. Every roof had to be repaired or replaced. She also remembers roofing nails all over the streets. She had three flat tires in one week.

I asked Paulette about the challenges in her life. She said she has never been a drinker, but she did enjoy a glass of wine while she was preparing dinner. Now she can't have that. And she added, losing her husband changed her life and their sons' lives.

Paulette says the best thing about being 100 is waking up every day then she quickly adds seeing her children doing well and being good Christians. Paulette has always lived a healthy life. She says she has probably hiked every trail in Yosemite. She wants everyone to know she has been a good Christian all her life and so are her sons. That's important to her.

As she celebrates 100 years, let's raise a toast to Paulette Price; a life spanning decades, continents, world wars and a century of memories.

When we resume Walking Exercise,
we will meet Mondays & Wednesdays
in the Social Hall at 9:00 am.

Hi everyone please help us with our furry friends. I would like to do another food challenge for everyone please bring a can of dog or cat food. The dollar store has bags of dog food for a dollar that could be like three or four meals. Some kind of food package or cans. Thank you very much for your generosity and for the help we all give here in the villages. These sweet little animals are waiting to be adopted. Let's show them love and be generous with them right now while they're waiting. We need food for our free friends so please consider this, please tell your neighbor. I would love to be able to take the back of my car full of food for these animals and tell them it came from the Villages of Lynx Creek. Thank you so much and God bless. Patti Toothman Lot 87

Craft Club Meetings

Please join us in the Activity Room on the first Wednesday of every month at 9:30am. These monthly meetings are open to all residents and give us an opportunity to plan and update activities for the coming months. Your input is important and the more the merrier!

Painting is an opportunity to be creative and being artistic has been proven to reduce stress and anxiety. As we unwind from these unusual circumstances, maybe painting some rocks and sharing them outdoors for others to see or creating some cards to share with people who have been on your mind will help you and others keep on smiling. Activity Room every other Thursday.

?BUYING OR SELLING REAL ESTATE?

Greetings. My name is **John Black**, and I live at **660 N. Mesquite Tree Dr, Lot 214**.

My wife and I are full time residents of The Villages, and we truly enjoy the lifestyle here.

I am also a **REALTOR®**, and proud to be associated with **Coldwell Banker Residential Brokerage**. **Coldwell Banker** has been serving the Prescott and Prescott Valley area **for over 16 years**, and consistency ranks as one of the top brokerages in terms in marketing, internet presence, and **average sales price per transaction**.

I am very knowledgeable of the market trends and sales here in The Villages.

I have sold 40 homes in The Villages alone!

I would be more than happy to review your current Real Estate situation, whether you are thinking of buying or selling.

Being a resident of the Villages, I can **easily show your property almost 365 days a year** to any prospective buyer and **with in-depth knowledge of our wonderful community**, I can **speak from experience** on our community and what it is like to live here.

If I can help you, **please stop by to say hello**, have a cup of coffee, or give me a call at **602-826-1362**.

I look forward to meeting you.

Thank you.

NEW LOCATION FOR:

The Shelly Watne Group

11672 E MANZANITA TRAIL

I started my Prescott Country Club real estate career 27 years ago at this very location. I was 22 and had just moved to Arizona. The office was owned by Neil &

Cheryl Prill. It was at this office that I received wonderful training and advice from both Neil & Cheryl. I chose to live in the Prescott Country Club then and am still here today. I love the neighborhood, people and the general feel that the community offers.

The building was a special purchase for me since it felt like I was moving "home". I had enjoyed a lot of wonderful experiences working here, and now moving back to this location, it's great to remember all the people and great times and I look forward to many more.

Feel free to stop by and say Hello when you're passing by! We have free fantastic maps of the neighborhood which show the general lot layouts of the neighborhood.

I'm looking forward to the next 20 years providing service to our community.
