MANAGER'S REPORT

The Meet the Manager's Meeting was held on December 11th in the Social Hall. Approximately 20 people were in attendance. The agenda was short as winter is upon us. Rich gave a maintenance report – the mail pedestals are done and the mailboxes will be cleaned and renumbered in January or February.

The Architectural Committee has been slow – not many rfc's during this winter time.

The changes preciously approved by the Board of the Recreation Committee were reviewed. One question was raised regarding wording in the Provisions on page 3 which states: "Admission must not be charged". I believe that this will be deleted as there was a change made in Policy 3.07 to address this. These rules will be reviewed and voted upon by the Executive Board of the Association at the February meeting.

The conversion of the property management software is progressing and the launch will be January 1. The office will be sending out notices to all residents and invites to create their own personal portal so that residents can view their invoices and payments online. Also, there will be no autopays (direct debits out of residents accounts) for the first few months to allow the office staff to work out the kinks prior to setting up any direct deductions from owners bank accounts. Those who pay by check or through their bank's automatic payment system will not be affected.

Jeanine's last day was December 15 and I wish to thank her for her always smiling countenance and her great training of Jan and Marty. I will miss her greatly! I know she is ready to retire and travel but she leaves a big hole.

Also, the best volunteer in the world is also retiring from helping in the office. I always joked that Joyce ran the place and we all just worked for her, but in a way it was true. She was so instrumental in writing the procedures for the front desk, helping me get to know the Villages and always such a positive presence in the office. I will miss her and her wise counsel and her great sense of humor.

Gail Haugland, Community Manager

FUN, FOOD, AND FRIENDSHIPS

You may not see Jeanine in the office or hear her voice on the Robocalls, but she will still be a resident and a volunteer. At least she will be, until she sells her home and moves to Phoenix.

Many of us want to share in this celebration for Jeanine. The special date will be Saturday, Jan. 13th in the Social Hall from 2:00 PM until 5:00 PM. Mark your calendars. We will welcome your favorite hor'dourves and, if you want more than water or lemonade, please feel free to bring your own libation.

This might be a good time to share stories you have with Jeanine. The more embarrassing, the better. Nothing is too sacred in the Villages. Of course, special, happy, wonderful stories will also be welcome.

Everyone who knows Jeanine and wants to share in this special time are invited. See you there!

RETIREMENT, YES! GOOD-BYE, NO!

ARE YOU THINKING . . .

. . . *about selling your Villages home?* Don't forget that the final sale must pass Escrow. That also means that the outside of your home and lot must be in compliance with the HOA's CC&Rs. The management of the Villages at Lynx Creek *is re-instating our free, informal, PRE-ESCROW checking service for you.* This is so you will have ample opportunity to correct anything that is out of compliance before the sale. *If you wish to take advantage of this service, please fill out a “Pre-Escrow Check” form at the Villages' office.* You will be contacted shortly to set up an appointment (the checking will take approximately 10-30+ minutes). *Submitted by Rick & May Merrell*

THE WOODSHOP
THE VILLAGES AT LYNX CREEK

Happy New Year everyone! A new year lies ahead with lots of possibilities. I sure hope one of them is that you will come down to the wood shop and see all that is there. What is there? Why lots of possibilities. It is entirely possible you could learn a new skill, make a project, make a new friend. Maybe you will find someone to fix that “whatever” that has been needing fixing for forever. Possibly you don’t know how to do it. Well is is possible someone at the woodshop does.

Monday thru Wednesday 9 am to noon.
Really hope you stop by.

TECHNOLOGY AND SENIORS

Title: Navigating the Digital World: A Guide to Cybersecurity for Seniors

Dear Seniors,

In this age of technological marvels and instant connectivity, the internet offers us a world of possibilities and lots of instant gratification to shop where we like, at any time day or night, and seems like it is easier than ever to get what we need, right? The Internet, however, also presents risks that we, as wise individuals, must navigate cautiously. Why? Because there are dangers that are not visible and many who seek to take our hard-earned money from us.

As told to me by Mike Smith recently, a neighbor of his experienced a cyber incident that serves as a valuable lesson for all of us, highlighting the importance of being vigilant while using social media, email, and the vast expanses of the World Wide Web. NOTE: this is NOT the only instance but serves as a good reminder of what to watch for.

This neighbor, engrossed in an online news article, encountered a seemingly harmless link that led him or her down a perilous path. Clicking on it, the individual was informed that the computer had been infected with a virus. The screen urged a call to a number for assistance. Despite previous warnings to never call any number that jumps on your screen, the number was dialed, and the bad guys instructed in an official tone to allow the individual to grant access to the laptop. The result? A fully compromised system with all files on it encrypted, a completely unusable hard drive, and the files were rendered permanently inaccessible.

Thankfully, local tech experts managed to intervene, utilizing a different operating system called Linux to access the computer and get the individual back to operation. Yet, this incident underscores the need for increased awareness and caution from all of us in the digital realm, especially for those who may not be as tech-savvy. Consider talking with your neighbors and friends about how to stay safe. Consider the value of your photos and other important documents that could be lost if such an occurrence happened to you.

Here are a few essential tips that Mike passed along to ensure your online experiences remain secure:

When in Doubt, Shut it Down: If you suspect any unusual activity or receive unexpected messages, shut down your device immediately. Taking this swift action can prevent further damage and give you time to assess the situation calmly.

Think Before You Click: Resist the temptation to click on unfamiliar links. If you're unsure about a link's legitimacy, hover your mouse over it to preview the destination URL. If it looks suspicious or doesn't match the expected website, refrain from clicking.

Question Everything: Not all information on the internet is accurate. Be discerning about the news, articles, and messages you encounter. If something seems too good to be true or sounds alarming, fact-check with reliable sources before taking any action.

Beware of Unsolicited Assistance: If a pop-up message or a phone call claims your computer has a problem, resist the urge to call the provided number. Legitimate tech support companies will never contact you without prior arrangement. Never grant remote access to your device unless you initiated the contact. When in doubt – call a neighbor or friend and don't use the computer you are working on to do so.

Remember, just like in the physical world, a healthy dose of skepticism can go a long way in safeguarding your digital life. Treat online threats like unwanted junk mail – discard them without hesitation. By following these simple guidelines, you can continue to spend enjoyable time on the internet while staying one step ahead of potential cyber threats.

Stay safe and secure in the digital world! Thanks to Mike Smith for providing the outline and back story for this item.

ATTENTION: DOG OWNERS

Our yards are not your dog's toilets! We own our properties here so keep your pets off private property. A dog will do it's business where you allow them. It is disrespectful to allow your pet to come up onto other peoples property. I keep my dog on a short leash so our pet does it's business on the street where it is easy to pick up. Please be respectful of other people's property.

Reminder: Yavapai County Leash Law says that a leash is to be no longer than 6 feet!
