

## Weekly HOA Update

October 6, 2021

### Social Hall Floor Repair

As the first step, workers from the flooring company will be here next week, on October 14th and 15th, to replace the missing and damaged tiles.

At last month's HOA meeting, Steve announced that the flooring company would need two weeks to complete their work on the floor. After reviewing the events calendar, it was noted that there is a 19-day opening with no major events in the Social Hall beginning **Saturday, October 23, through Wednesday, November 10**. Steve has contacted the flooring contractor company and confirmed that the work will be able to be completed within this time frame. The contractor will sand the entire floor down to bare wood, and apply several coats of sealant. This process is a totally dustless system.

During this time, no one will be allowed to hold activities or even enter the Social Hall, except the flooring workers. If you are in charge of an activity and want to reserve an alternate room temporarily during this time for your activity, please submit a room reservation request to Joyce Pinckney in the office.

**On Saturday, October 23, we will need many volunteers to remove all items on the floor** in the Social Hall, including chairs, tables, piano, cabinets, etc. Everything, no exceptions. Please come help if you can that day, starting at 9 a.m. This will probably take several hours at least, depending on how many people come to help.

Items will be stored wherever we can find space nearby: outside under cover, on the stage, in the backrooms on the stage, in the kitchen, even in the women's bathroom.

If your group/club has a special concern about the handling and storing of anything that you use now in the Social Hall, you are encouraged to move it yourself on or before October 23.

After the floor has been done, we will again need volunteers to clean and replace the items that were moved. We will send out a request for volunteers to help then also.

If you have any questions, please contact me or the office.

Respectfully submitted,  
MaryAnn Schulte
