

## **Weekly Update from the HOA Board,**

**Date: 9/11/2020**

**We would like to share with you, the events of the past week.**

- **First, we would like for all of us take a moment out of your day to remember those that were taken from us on September 11<sup>th</sup>, 2001. We will never forget! Thank you.**
- **We would like to announce the appointment of our new Board members. Ed Newman has been appointed to the Board and will be the liaison to the budget committee. He will assume the position of Treasurer for the remainder of the term. We also announce the appointment of Liz Brooks to the Board and she will assume the position of Secretary. We will present their bios and a short recap of their lives since moving to The Villages next week. We are pleased to finally inform you that we now have a full HOA Board.**
- **We want to thank all the volunteers for their hard work delivering the information packets last week and we hope everyone found them to be informative. If you did not receive your packet. please contact the office and they will arrange a time for you to pick it up. We look forward to reading all the questions, comments, and concerns that you have submitted to the Board.**
- **Over the past few weeks, the Board and the office staff have been reviewing numerous management software packages that will assist us all in the management and financial aspects to serve our community. We have narrowed it down and have chosen Caliber/Frontsteps. We look forward to sharing with you all the features this software will do for us all.**
- **We would like to inform you that Kelley has submitted the July and August financials to the Budget Committee for their review and evaluation.**
- **As we slowly begin to have activities start again it is important to remind everyone that the Covid virus situation is not over. We all must continue to stay safe and protect ourselves and our neighbors. We remind everyone that the rules are still in effect. Masks must be worn at all times when using the Villages facilities. You must practice social distancing and limit indoor activities to 10 people.**
- **We want to remind everyone as we occasionally get reminded, this community belongs to all of us. We need to be respectful and courteous to our friends and neighbors. All the facilities are open for residents only. No outside visitors are allowed use of our facilities until further notice. You have the right and duty to ensure that only Villages residents are accessing our community facilities. If you are asked to present your Villages badge to prove you are a resident, please do not take offense. This is for everyone's protection. Remember that all activities that wish to start up again must be approved by the board to ensure that rules and safety precautions are in place to make these activities enjoyable and safe. You can politely ask those that do not belong here to leave the premises. Your Board members are not 24hour security guards. We are all responsible to keep our community safe.**

**Wear your masks and badges everywhere in the community and protect yourselves and your neighbors.**

**Respectfully,**

**Your HOA Board members and Office Staff**
